MIm MIm

Hello,

RE

is there anybody in there?

DO LAm

Just nod if you can hear me;

MIm

is there anyone home?

MIm

Come on, now,

RE

I hear you're feeling down.

DO LAm

Well, I can ease your pain;

MIm

get you on your feet again.

MIm

Relax,

RE

I need some information first.

DO LAm

Just the basic facts:

MIm

can you show me where it hurts?

SOL RE

There is no pain, you are receding.

SOL

A distant ships smoke on the

DO

waves.

DO

Your lips move but I can't hear what you're saying.

SOL RE

When I was a child I had a fever.

SOL RE

My hands felt just like two balloons.

FA DO

Now I got that feeling once again;

FA

I can't explain, you would not understand.

DO

This is not how I am.

RE FA DO SOL

I have become, comfortably numb. Strumentale:

RE

just a little pinprick.

DO LAm

There'll be no more --aaaaahhhhh!

MIm

But you may feel a little sick.

MIm

Can you stand up?

RE

I do believe it's working good.

DO LAm

That'll keep you going for the show.

MIm

Come on it's time to go.
